## NYAUTOMATION NTEGRATED JOURNEY WELCOME GUIDE

# **THANK YOU FOR JOINING US!**

Honeywell Industrial Automation remains committed to providing the highest quality products, from industrial control systems to replacement parts. We are also committed to better serving our customers and distributors. At Honeywell, your experience matters to us.

That's why we created <u>automation.honeywell.com</u>, which now serves as your comprehensive digital hub, merging all your needs into a cohesive and streamlined process. The combined website, customer portal, and ecommerce engine is fast, intuitive and super user-friendly.

What can you expect from the new myAutomation digital experience?

- Personalized Multi-lingual Content: Tailored experience to preferred language
- Dynamic Product Catalog: Displays available products specific to region
- Integrated eCommerce: Enjoy Quick Order, PDF-to-Cart and Saved Carts functionalities
- Order History: Easily manage and track orders
- Case Management: View and comment on support cases
- Enhanced Performance: Improved search functionality and overall

myAutomation digital experience enables automatic order placement and access to information previously available only through Customer Service or Regional Sales Managers. With myAutomation Integrated Journey, you benefit from a unified, streamlined experience that offers enhanced security and improved online ordering functionalities.

#### How to place orders for two different company accounts

If you have rights to place orders for more than one company, you will need to select the appropriate business entity each time you order.

#### **Product Availability**

In the product page there is a table that displays the Estimated Availability Date\* of each material.

\*The Est. Availability Date is a live call from SAP.

Estimated Availability Dates are impacted by current stock level, which may be different at the time when the order is processed; delivery dates will be advised after the order is processed.

Estimated availability date scenarios are as follows:

within lead time
 (material availability date < today's date + Standard Lead Time)</li>

♥ Add to Wish List	Part #	Description	Size	List Price	Discount	Net Price	Order Qty	Est. Availability Date	Subtota
♥	<u>SPXCDULNRXM</u>	UL/INMETRO approved SP XCD Flammable Methane (CH4) IR 0-100% LEL (20 to 100% LEL: 10% LEL) with LM25: 3/4'NPT with Modbus	One Size	\$0.00	0%	\$0.00	- 0 + Min 1 each Honeywell Analytics	Available on 07-MAR-2025	\$0.00

outside lead time
 (material availability date > today's date + Standard Lead Time)

C Add to Wish List	Part #	Description	Size	List Price	Discount	Net Price	Order Qty	Est. Availability Date	Subtota
♡	SPXCDULNG1	XCD Gas Detector: includes hydrogen EC sensor cartridge 0 to 1000ppm	One Size	\$0.00	0%	\$0.00	- 0 + Min 1 each Honeywell Analytics	Available on 07-MAR-2025	\$0.00

the product is not for sale or has been discontinued. You will find a link to a similar product on the page, if available.

## ORDER CREATION/ VALIDATION

#### How to place a "quick" order

Use the Quick Order button, insert product references into the search field separated by a comma (,) and click on the search button (i.e.: 1011146, 1010975, 1011170...).

If you look for a product with sizes, don't forget to include the size in the search field, otherwise the product will not be found (i.e.: 2100250-06, 4506000-S...).

You will then be presented with a search results screen that will allow you to validate matches and confirm addition of the products into your cart.

**10** | Industrial Automation | myAutomation Integrated Journey Welcome Guide

#### How to save and reuse a cart

On your Shopping Cart page, click on "Save Cart".

Next you can create a name and description for your saved cart. Then click **"Save"**.

#### How to upload your Quick Order using a CSV file

There are two methods to create your Quick Order:

 If you know the product number(s) you want to order, click on the "Quick Order" button near the top of every screen.

Here, you can choose to enter the item(s) you'd like to order (you adjust quantities in the cart), or you can also import a previously-saved cart.

You can import a CSV file via the Quick Order/Import saved cart.
 "Part #" and "Quantity" columns are mandatory and must be completed.

All the other columns are optional.

3. Navigate to "Saved Carts", select "Edit", and restore your desired cart.

4. Proceed to your cart and follow the checkout process.

## **ORDER TRACKING/** HISTORY

Once you're logged in on the myAutomation Integrated Journey, click on your name in the upper right-hand corner and you will be presented with a list of quick links. Select "Order History".

Technology is evolving and changing at a faster pace. As a thought leader in the industry, let Honeywell Industrial Automatior

This will take you to the Order Status page, where you can view all your orders. If you are handling multiple accounts, click on "Viewing Accounts" to open the filter accounts window, then select the accounts you wish to manage. At the top of the page, the Orders Summary dashboard displays 6 tiles for various order statuses.

		Orc	ders		
		ORDERS S	SUMMARY		
10 Pending	12 Scheduled	5 Preparing Shipment	3 Partially Shipped	65 Shipped Complete	2 Cancelled

The list with all your orders and their statuses will be displayed.

On the left-hand side, under "Filter Results", there are different filters that can be applied to search for the orders you are interested in.

Using the filters, you can filter orders by their shipping statuses, or you can filter them by creation date. You will have access to 24 months' worth of order history.

Orders older than 24 months that are still open will also be displayed for your convenience.

Please note that recently placed orders may take some time to be synchronized (usually, under 20 minutes).

Honeywell

If you click on the 'Order number', you will be redirected to the Order Details Page.

On the header section of the order, you can check all the order's details. On the right-hand side, the Order Price Summary is displayed. From the "Attached Documents" section, you can retrieve the order acknowledgement. This will always reflect the newest SAP version of the Order Acknowledgement.

On the order details page, you can check the status of each ordered item. Each ordered line can be expanded by clicking on the down arrow symbol.

On the line level details, you can access shipment tracking and download shipping documents for already shipped lines.

## SHIPPING/ LOGISTIC INFORMATION

- You can download a duplicate copy of your delivery note.
- This document is available in the "Legacy my Transactions" quick link.
- In the drop-down menu
- displayed near your details, select "Deliveries".
- In the Delivery details page, you will find each item's delivery status:
- "-" (the shipping process has not started),
- "Partially delivered" or
- "Fully delivered"

#### **Important Note:**

Shipping costs are standard conditions mentioned in the Honeywell Terms and Conditions and are given as an indication on the myAutomation Integrated Journey. The final shipping costs will be confirmed in the order confirmation.

There are two ways to reach Case Management. The first is through the "Case Management" quick link that appears on your Home page below the search bar. You can adjust your quick links by clicking the blue "Add / Edit Links" button on the right side of your page. The second option is to select the dropdown on your name in the header and choose the "Case Management" button.

Both options will take you to the case management page.

From here, you can review your case history and create new cases.

There are two buttons to create a customer service request. The first way is by clicking "**New Request**" on the Case Management page itself. You can reach this through the quick links on the home page, or through the dropdown that appears under your name in the header. The second option is to click the "**Contact Us**" button in the header.

Both buttons will take you to a popup where you are asked to confirm that you are looking to submit a customer service request. Click this button to be taken to an in-page form for you to start filling out your request. Please be sure to answer the required fields, which can see be seen as those with red asterisks. Any additional fields that are optional that you fill out will provide you with quicker and better support. You can attach files that provide more details if necessary.

Once the case is submitted, you will be taken to a confirmation screen. This gives you your new case number.

#### Q. I'm having issues logging in!

A. For issues logging into the site, please contact myautomation@honeywell.com

#### Q. What is my Honeywell ID?

- A. The email address that you used during your registration.
- Q. Can I register an account with a personal email address, such as one that ends in @gmail or @mail?
- **A.** No. To access the myAutomation Integrated Journey, we require a "company domain" email. With a company domain, we can ensure that the user is associated with the proper company, and if that company no longer has access to our systems, the users can be managed. However, if you do not have a website or email address, we will work with you to transition to one of our wholesale partners to ensure you receive the best level of support for your customers.

### Q. I'm not sure which product best suits my needs. Is there a comparison feature?

**A.** Yes. In the product list, select up to 4 products to compare by clicking the box next to "Add to compare". Click "View Compare" to see how the products differ.

#### Q. How can I print out product information?

- **A.** Within a product's detail page, there are two options for printing product information: "**Full**" or "**Without Price**".
- Q. Are there catalogues, product brochures and other literature available on the platform?
- **A.** Yes! Product brochures and other literature can be found and downloaded under the "**Resources**" tab on each product page. Downloadable catalogues can be found via a link at the bottom of each page.

#### Q. How do I use a promotion code for my order?

- **A.** If you received a promotion code from Honeywell, enter the code on your shopping cart page. The field for the promotion code is located next to the availability indicator.
- Q. What happens if I don't find the product I want?
- A. Honeywell has selected its best seller products to ensure a timely delivery. If you don't find the product you want on this Honeywell online shop, please contact your Customer Support Representative.

#### Q. How can I update my company's email address?

**A.** Create a new account for that person with the correct email address. Then disable the account with the incorrect email.

#### Q. How can I manage my order after final validation?

**A.** You are not able to modify your order after final validation. For further information, contact your Honeywell Customer Service Representative.

#### Q. How do I return a product ordered online?

**A.** Return procedures can be found in the **Terms and Conditions** section at the bottom of each page. For further information, contact your Honeywell Customer Service Representative.

#### Q. Can an order be canceled on the site or via Customer Support?

**A.** For order cancelations, please contact you Customer Support Representative via the **Contact Us** page.

#### Q. How to add/change a shipping address?

**A.** You can request a new shipping or billing address. Click on your Name in the upper right-hand corner and you will be presented with a list of quick links. Select "Address Book". You can choose to create a new shipping or billing address consequently. Your request will be evaluated by Honeywell for approval. Once approved, you can use this new address within 72 hours. In case you have an urgent order to place and the address is not listed, you can still proceed with placing your order online. To have your goods shipped at the desired address, all you need to do is click on the "Add New Address" button on the Checkout page and fill in the form; our Customer Support Team will see your order in the system and make sure the products will be shipped to the indicated address.
