

HONEYWELL 2026 TRAINING META CALENDAR

Fixed and Flame Gas Detection

Honeywell

UNLOCK YOUR POTENTIAL WITH TRAINING

Honeywell is proud to offer Gas Detection Training for Fixed Gas Detectors.

Honeywell is committed to improving the competence and confidence of our customers by providing high quality application and sales training on our gas detection products. Our comprehensive program offers you an opportunity to enhance your proficiency in gas detection, ensuring you and your team can equip yourselves with essential safety skills.

Honeywell offers the following standard training:

- Operation and Maintenance Training
- Commissioning And Troubleshooting Training
- Upskill Training
- Training Certificate Renewal

Details about the Honeywell training schedule can be found in this brochure. Please refer to the separate training brochure for a comprehensive overview of Honeywell Training solutions.

To reserve training, please email Alberto.Lucas@honeywell.com

META FIXED GAS DETECTION TRAINING COURSES

OPERATION AND USAGE TRAINING LEVEL 1

This program has been developed to introduce the new user to fixed gas controllers and transmitters and provide them with a foundation of knowledge on which they can build. This is optimum for new hires and workers involved with commercial and/or industrial applications.
