# COMPLETE COVERAGE FOR UNINTERRUPTED OPERATIONS

In industries where regulatory compliance is crucial, maintaining the functionality of your BW Clip—a critical compliance device—is essential. Ensuring your safety equipment is up to standard helps you avoid non-compliance with industry regulations, which can lead to significant fines and legal consequences.

Honeywell's Total Care and Enhanced Care services provide comprehensive solutions to help keep your site and workforce safe. This proactive approach helps to reduce the risk of unexpected failures and ensures continuous operation, assisting you to remain compliant and focused on your core business activities.

## SERVICE MADE SIMPLE TOTAL CARE

Improve your workforce's safety and operational efficiency with Honeywell's Total Care Service Contract for BW Clips. This all-inclusive plan provides complete coverage can help minimize downtime and unexpected expenses. The Total Care Service program includes:

- IntelliDoX® docking stations: Ensure your BW Clip devices are always calibrated and ready to use. This service contract also includes Calibration Gas. Simplify system deployment
- Safety Suite Deluxe Software: Manage your fleet of devices efficiently ensuring compliance and optimal performance. With Safety Suite you can configure your device, download device data and download Bump and Calibration Certificates.
- Calibration Gas: Maintain the accuracy and reliability of your gas detection devices, ensuring they function correctly in critical situations.
- Advanced Replacement Program: Signing up for Total Care, automatically enrolls your facilities BW Clips in the Advanced Replacement Program that replaces devices that are beyond the scope of repair. This ensures that you can always have the most up-to-date and functional equipment at your disposal.

With Honeywell's Total Care Service Contract, you receive unmatched protection and peace of mind, knowing that your safety equipment is supported by a robust and responsive service offering. Don't compromise on safety; choose Total Care for complete coverage and uninterrupted operations.

# ENHANCED CARE CONTRACT

## ADVANCED REPLACEMENT FOR SEAMLESS PRODUCTIVITY

Upgrade your standard warranty to the Service Made Simple Enhanced Care Contract and experience seamless productivity. This comprehensive solution can offer the capabilities that your facilities are never without a BW Clip®, by promptly providing replacement devices, thereby minimizing delays and additional capital expenses.

By participating in the Enhanced Care Contract, you streamline the repair or replacement process, significantly reducing potential operational disruptions. This program offers a cost-competitive approach, mitigating unexpected device failures and enabling you to manage your budget predictably while maintaining high operational standards.
