# SERVICE MADE SIMPLE

## FIND THE RIGHT SUPPORT SOLUTION WITH HONEYWELL

### Preventive Maintenance Packages

Honeywell offers preventive maintenance packages to continue to support your BW Flex post-sale. This service includes an overall inspection along with device calibration, software/firmware updates, battery maintenance and more!

#### Honeywell Sensing & Safety Technologies

830 East Arapaho Road  
Richardson, TX, 75081

### Service Contracts

Honeywell provides three Service Made Simple contracts. Total Care is a total support solution that covers the maintenance and repair of the BW Flex throughout its lifecycle. Enhanced Care provides preventive maintenance that ensures the device is functioning properly and meets safety standards. Lite Care provides repairs with accelerated turnaround times.

### On Demand Repair

For customers without a Service Contract, Honeywell offers repair service at your convenience. With this service, our technicians will repair damaged circuitry and displays, calibrate and update firmware for a single fee.

### Rental Services

The BW Flex is available for rent with the Honeywell Rental Program, offering businesses the flexibility to access its powerful capabilities without the commitment of ownership. Whether for short-term projects or if you need additional instruments, renting the BW Flex provides a cost-competitive solution.
