

Vermont State Law: 18 Vt. Stat. Ann. §1664

Section 1664 of Title 18 of the Vermont Statutes (the “Vermont Law”) requires a manufacturer or other person that sells firefighting personal protective equipment (PPE) to provide written notice to the purchaser at the time of sale if the firefighting PPE contains PFAS.

Vermont law defines firefighting PPE as “clothing designed, intended, or marketed to be worn by firefighting personnel in the performance of their duties, designed with the intent for use in fire and rescue activities” including “jackets, pants, shoes, gloves, helmets, and respiratory equipment.”

Honeywell Safety Products is providing the following information regarding Honeywell First Responder Products (HFRP) firefighting PPE in compliance with the Vermont Law.

Based on information provided by our suppliers, PFAS is contained in certain component parts of the HFRP products listed in Annex A. These component parts are technical fabrics that use PFAS to provide water repellency and to meet performance standards for firefighter PPE.

Under the Vermont Law, the seller and the purchaser of the firefighting PPE must retain the written notice for at least three years from the date of the transaction.

This memorandum shall serve as Honeywell Safety Products’ written notice for purposes of complying with the Vermont Law.

Annex A - Honeywell First Responder Products with PFAS content

Honeywell First Responder - Garments

Brand	Use	Garment
Morning Pride	Structural	Coat
Morning Pride	Structural	Pant
