

Compliance with Rhode Island Gen. Laws 23-18.18-5

The Rhode Island Gen. Laws 23-18.18-5 (the “Rhode Island Law”) requires a manufacturer or other person that sells firefighting personal protective equipment (PPE) to provide written notice to the purchaser at the time of sale if the firefighting PPE contains PFAS.

The Rhode Island law defines firefighting PPE as “any clothing designed, intended, or marketed to be worn by firefighting personnel in the performance of their duties, designed with the intent for the use in fire and rescue activities, including jackets, pants, shoes, gloves, helmets, and respiratory equipment.”

PIP-HSP is providing the following information regarding Morning Pride (MP) First Responder Products firefighting PPE in compliance with the Rhode Island Law.

Based on information provided by our suppliers, PFAS is contained in certain component parts of the HP products listed in Annex A. These component parts are technical fabrics that use PFAS to provide water repellency and to meet performance standards for firefighter PPE.

Under the Rhode Island Law, the seller and the purchaser of the firefighting PPE must retain the written notice for at least three years from the date of the transaction.

This memorandum shall serve as Morning Pride Manufacturing LLC’s written notice for purposes of complying with the Rhode Island Law.
