# SYSTEVO CALL EASY (M)

Setting new standards in comfort, ergonomics, hygiene, and safety.

## INTUITIVE DESIGN

The Systevo Call Easy handset family was designed with patients and caregivers in mind. Its intuitive design helps decrease the amount of time typically spent providing operating instructions and allows patients to call for help when they need it.

## SAFETY

By using the Systevo Call Easy M handsets, the magnetic system connector ensures a safe and monitored link to the Systevo Bed Unit. The shaping of the connector guarantees a proper fitting and a nearly indestructible connection so Bed Units won't detach from the wall by removing a handset unintentionally.

## DURABILITY AND SAFETY

Its rugged design and rubber-enclosed membrane enable the handset to withstand typical drops and sustained patient use without breaking.

## IMPROVED HYGIENIC ASPECTS

The handset is constructed of antimicrobial material and designed with rounded edges, reducing the ability for potentially hazardous microorganisms to multiply.

## EASE OF USE

Systevo Call Easy can be used by patients of almost any age. Its distinctive concave and convex button designs help patients easily operate the device.

## FLEXIBILITY

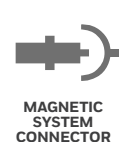

The handset has several compatible accessories including wall and bed mounting clips for easy and secure storage.

Systevo Call Easy	For Magnetic System Connector	Auto Release plug	DIN 7 plug	Cable Length	Protection Class
Call push button	-	-	74160B1/ 74160C1	3 m/5 m	IP54
	74161B9	74161B3 74161B4 ("A coded")	74161B1	3 m	IP67
Call push button & 2 light control push buttons	-	-	74162B1/ 74162C1	3 m/5 m	IP54
	74163B9 74163C9	74163B3/74163C3 'A-coded': 74163B4/74163C4 'L-coded': 74163B7/74163C7	74163B1/ 74163C1	3 m/5 m	IP67
Call push button & 5 control push buttons	74165B9/ 74165C9	74165B3/-	-	3/5 mm	IP67
Accessories	74160Z1: Fixing-Clip for Systevo Call Easy (10 units)				
	74160Z2: Mounting Accessory for Systevo Call Easy (10 units, with adhesive tape)				
	74160Z3: Cradle for Systevo Call Easy (Wall Mounting Kit)

## TECHNICAL DETAILS

**Operating Voltage:** 24 Vdc ±10%

**Current Consumption:** 10 mA to 40 mA

**Contact Load (light and control buttons):**

Max. 300 mA/30 Vac/dc

(where applicable)

**Available versions:**

**7416xy1/3/4/7:** for normally closed circuit systems

**7416xy9:** for data bus communication in combination with Systevo Bed Unit

**Approvals:** CE, VDE 0834, UL 1069

**Type of Protection:** IP54/IP67

(see different models)

**Material:** PC+ABS-FR (antimicrobial, UV-resistant)

**Color:** Top cover: white, similar to RAL 9003; Bottom cover: gray

**Weight:** Approx. 210 g to 340 g (depending on model)

**Cable Length:** 3 m/5 m

(see different models)

**Dimensions (H x W x D):**

133 mm x 47 mm x 24 mm
