

TURN PRINTERS FROM A BLIND SPOT INTO A CONTROLLED, RELIABLE BUSINESS ASSET

Transform Your Print Operations with Honeywell and SOTI

Honeywell | SOTI

In today's fast-paced business landscape, efficient and reliable printing solutions are essential for success. However, many organizations still manage their printing as an afterthought, resulting in unfulfilled potential and increased operational risks. Honeywell Productivity Solutions and SOTI have joined forces to revolutionize the way businesses approach their print management. Together, we offer advanced printing technologies combined with exceptional management tools, empowering organizations to transform their print operations from reactive burdens into strategic assets.

WHY CHOOSE HONEYWELL AND SOTI?

ENHANCED VISIBILITY, SECURITY, AND CONTROL

In an environment where printers are mission-critical yet often overlooked, Honeywell's advanced printing solutions, paired with SOTI Connect's robust management capabilities, deliver comprehensive oversight of your print network.

Centralized Monitoring: Gain real-time insights into printer status, location, usage, and health across your environment.

Proactive Alerts: Minimize downtime with advanced predictive maintenance powered by SOTI Connect. Receive alerts for potential issues before they disrupt your operations.

Security Compliance: Ensure that all printers meet IT security standards effortlessly, reducing the risk of data breaches associated with unsecured print operations.

REDUCE OPERATIONAL COSTS

Legacy approaches to printer management can be costly and inefficient. The Honeywell and SOTI collaboration is designed to streamline your operations, leading to significant cost savings without compromising quality.

Lower Total Cost of Ownership: Reduce waste from failed prints, overprinting, and inefficient usage while minimizing downtime-related costs.

Fewer Support Tickets: Improved printer reliability and visibility reduce IT intervention and unplanned disruptions.

IDEAL FOR DYNAMIC ENVIRONMENTS

Our solution is designed for operationally demanding environments where reliability matters most:

- **Seamless Integration:** Native support for Honeywell printers ensures that deployment and management tasks are simplified. Integrate your printing needs seamlessly into existing infrastructures with minimal disruption.
- **Industry-Leading Performance:** Our printers are built for high-demand workflows, providing reliability and speed in challenging environments like logistics, retail, manufacturing, and healthcare.

JOIN THE MOVEMENT TOWARDS PROACTIVE PRINTER MANAGEMENT

The combination of Honeywell printers and SOTI Connect offers a strategic solution for enterprises looking to modernize their print processes.

Transformative Partnership:

By leveraging the strengths of both Honeywell's cutting-edge technologies and SOTI's advanced management tools, organizations can reduce downtime, enhance efficiency, and improve customer experiences.

Future-Ready Strategy: This partnership is not just about hardware procurement; it embodies a holistic approach to creating a future-ready print strategy that positions your business for sustained success.

REAL-WORLD IMPACT: SUCCESS STORIES

The Honeywell and SOTI partnership is already delivering tangible success:

- **Logistics on the Move:** A global logistics provider significantly decreased operational costs and improved efficiency by using SOTI Connect to enhance their printer fleet's reliability, ensuring that printers remained operational even during peak delivery seasons.
- **Retail Made Reliable:** A major retail chain centralized its management across hundreds of locations, eliminating tedious manual troubleshooting. This strategic move has led to hassle-free operations during high-demand periods, maximizing sales opportunities and customer satisfaction.

TAKE THE NEXT STEP

Don't let printers remain a blind spot. With Honeywell and SOTI Connect, gain the visibility, control, and reliability needed to support modern frontline operations.
