

EMPOWER YOUR MOBILE PRINTING OPERATIONS

Reliability, Efficiency, And Control

UNLOCK ENHANCED EFFICIENCY WITH HONEYWELL RPF SERIES AND SOTI CONNECT

In dynamic and demanding environments like warehouses, retail stores, and field services, printer reliability is crucial. Unexpected downtime can lead to costly disruptions, unmet customer expectations, and increased operational costs. Investing in robust hardware and advanced management tools is essential for seamless operation in challenging environments.

WHY HONEYWELL RPF PRINTERS ARE THE TOP CHOICE FOR RUGGED PRINTING SOLUTIONS

Honeywell's RPF series offers rugged, mobile thermal printers designed to perform in the harshest conditions. Built for high-demand workflows, they ensure reliable and efficient label printing on-the-go – whether you're labelling packages in a warehouse, handling baggage in aviation, or processing transactions at the retail point of sale.

KEY BENEFITS OF HONEYWELL RUGGED PRINTING SOLUTIONS

- **Extended Uptime:** Maximize efficiency with optimized media and battery capacity, reducing frequent reloads for continuous operation.
- **Smart Power Management:** Minimize interruptions with streamlined design that reduces the need for battery swaps and media changes.
- **Durable & Portable:** Experience quiet operation that meets fast-paced demands, and powered by a high-performance CPU for minimal downtime.

ENHANCE YOUR HONEYWELL EXPERIENCE WITH SOTI CONNECT

SOTI Connect complements Honeywell's advanced printers with cutting-edge management capabilities, offering centralized visibility and control.

KEY BENEFITS OF SOTI CONNECT

- **Seamless Integrations for Easier Management:** Manage your printer fleet with remote monitoring and real-time analytics to prevent issues before they disrupt operations.
- **Proactive Maintenance:** Predict and address potential problems with real-time alerts, ensuring minimal disruptions.
- **Increased Operational Insights:** Use data-driven insights to optimize performance and enhance efficiency.

REAL-WORLD SUCCESS: INDUSTRY USE CASES

- **Field Services:** Keep delivery drivers efficient with smart battery monitoring, ensuring devices are productive throughout the day.
- **Transportation & Logistics:** Manage and monitor printers remotely, ensuring timely package labelling without delays.
- **Retail:** Centralized reporting helps prevent disruptions during peak hours by monitoring battery life and rotating devices proactively.
